SuperReel™ – 100m Auto-Rewind Reel

SKU: ATHR100M10

TTi's revolutionary SuperReel auto-rewind hose reel is manufactured in-house from roll-formed, powder-coated mild steel. The powerful belt-driven 12V motor retracts the 100m hose at a steady walking pace, with the included HawkLine™ wireless remote offering half-speed and full-speed reel retraction for ultimate control. The durable nylon hose features anti-kink technology and is fitted with a heavy-duty professional spray gun for efficient, accurate spraying. The SuperReel comes as a complete unit with pre-drilled mounting holes, ready to be mounted to your spray rig!

- Powerful belt-driven 12v motor.
- Geared reduction for maximum torque and power efficiency
- 100m x 10mm ID anti-kink nylon hose
- Hose roller guide allows for one-person operation, from any angle
- Manual override button for powered retraction, without the remote control
- Easy bolt-down points with tough powder-coated finish
- HawkLine™ wireless remote with half-speed & full-speed reel retraction
- Interchangeable left/right spray gun holder
- Turbo 400 spray gun (optional accessory)
- 2m Electrical leads with alligator clips supplied
